

CHAMPIONSHIP REGULATIONS

Nails / NAIL SERVICE

1. GENERAL PROVISIONS

- The Nail Service Championship is held online.
- Masters of nail services who have completed basic training in the relevant technique are eligible.
- Self-taught masters may participate by providing proof of the start of their professional activity, such as photos, video, or other supporting evidence.
- Before registration and payment, the participant provides a diploma or certificate confirming basic training. The participation category is determined on the basis of this document.
- Participation categories: Junior, Pro, Expert. Masters who provide training must submit an instructor certificate/diploma.
- If the organizers determine that a master concealed their teaching activity, the works may be disqualified without a refund.

2. PARTICIPANT CATEGORIES

- Junior — work experience up to 1.5 years.
- Pro — work experience from 1.5 to 4 years.
- Expert — work experience of more than 4 years.
- Trainer/Instructor — team classification.
- A participant may enter one nomination once within one category.
- A higher category may be entered when supported by the relevant experience; lowering the category is prohibited.
- The same nomination may be purchased multiple times. Only the participant's highest-scoring work receives a prize place.
- The category is determined by work experience from the date of the first basic training and is considered as of the competition-work submission date.

3. CHAMPIONSHIP DATES

- Registration closes on February 20, 2027.
- Competition work submission: March 1–15, 2027.
- Judging: March 1–15, 2027.
- Results announcement: March 16, 2027.
- The organizers reserve the right to change or extend the dates after notifying participants.

4. PAYMENT AND COST

- Payment must be made within 5 calendar days after submitting the application. An internal installment plan is available if needed.
- Participants should begin the competition work only after payment has been confirmed and a participant number has been assigned.
- The registration fee is a voluntary condition for participation in the championship.
- The participation fee may increase as the registration closing date approaches.

5. COMPETITION WORK SUBMISSION

- The methodologist sends detailed submission instructions. The information is also duplicated in the official Telegram participants' chat.
- Each competition work must be placed in a separate folder on the participant's cloud drive (Google Drive, Yandex Disk, Mail, etc.).
- The drive/account name should not contain the participant's full name where the service permits this.
- Folder naming format: Nomination + Category + Participant Number.
- Folder access must remain open for organizers and judges for viewing and downloading throughout the review period.
- After judging begins, materials may not be changed, deleted, or replaced.

6. PARTICIPATION RULES AND DISQUALIFICATION

- Publishing the competition work on social media before the results are announced is prohibited.
- The participant's full name must not appear in photos or videos.
- Certificates, diplomas, awards, studio logos, or other identifying objects must not appear in the frame.
- Submitting less than 90% of the required materials may result in disqualification.
- Retouching, Photoshop, or changing the shape, color, structure of the nails or skin is prohibited. Only technical exposure correction that does not alter the result is permitted.
- Special effects are permitted only in the final presentation and must be identified as presentation effects.
- Poor photo/video quality, lack of sharpness, strong shadows, or incorrect angles may result in removal of the work.
- Discussing the competition work with judges before the results are announced is prohibited.
- Entering an incorrect category is prohibited; moving to a higher category is permitted.
- Changing the folder name, deleting files, replacing materials, or closing access after submission is prohibited.
- Violating the confidentiality of the model or master, publishing personal data, document photos, or identifying materials is prohibited.
- Insults, humiliation, threats, or defamatory statements toward participants, judges, or organizers are prohibited.
- Deceiving judges or organizers, falsifying materials, or providing inaccurate information is prohibited.
- Violation of the regulations may result in disqualification without a refund.

PROHIBITED IN THE COMPETITION WORK:

- Using another person's work or elements of another person's work without permission.
- Photo collages instead of the required individual photographs.
- Photoshop and artistic retouching of the result.
- Artificially changing nail length, shape, color, or architecture in photographs.
- Decor that conceals technical errors.
- Blood, fresh injuries, pronounced inflammation, or damaged skin in the work area.
- Using photographs taken on different days when a single working process is required.

7. COPYRIGHT AND PUBLICATION RULES

- The participant guarantees the originality of the competition work and the necessary rights to the materials, design, and images used.
- It is prohibited to present another person's work as one's own or publish another person's work under one's own name.
- Registration constitutes acceptance of all terms of these regulations.
- The participant grants the organizers permission to publish photographs and videos of the competition work on social media, the website, and official championship pages.
- The organizers may use competition materials for informational and promotional coverage of the championship while preserving the participant's authorship.

8. NOMINATIONS

- 1. Classic Manicure.
- 2. Gel Polish / Perfect Polish.
- 3. Nail Extension.
- 4. French / Perfect French.
- 5. Nail Art.
- 6. Fantasy Nails.
- 7. Salon Speed.
- 8. Trainer/Instructor — team classification.

9. QUALIFYING SCORE

- Junior: 350+ points — 1st place; 320+ — 2nd place; 300+ — 3rd place.
- Pro: 370+ points — 1st place; 360+ — 2nd place; 350+ — 3rd place.
- Expert: 380+ points — 1st place; 370+ — 2nd place; 360+ — 3rd place.

- For nominations without separate categories, the Expert qualifying score applies.
- Places are determined by the total score according to the criteria of the relevant nomination.
- One participant is determined for each prize place in each nomination and category.

10. JUDGING SYSTEM

- The maximum total score is 400 points unless otherwise specified in the nomination card.
- Technical execution — up to 100 points.
- Architecture, shape, and symmetry — up to 80 points.
- Cleanliness of execution — up to 70 points.
- Coating/material and surface quality — up to 50 points.
- Design, composition, and compliance with the task — up to 50 points.
- Overall impression — up to 50 points.
- Judges evaluate only what is presented in the required materials and complies with the nomination requirements.

11. PHOTO AND VIDEO REQUIREMENTS

- Photos must be sharp, well lit, and free of strong shadows or color distortion.
- The work must be completed and photographed on the same day.
- Publishing competition materials before the results is prohibited.
- Photos must correspond to the specified angles.
- Full names, documents, certificates, awards, and other identifying objects must not appear in the frame.
- For evaluation of shape and architecture, provide a general view of both hands and close-ups of each hand.
- Upon request, the participant must provide original unedited materials.
- All videos must show a continuous process when required by the nomination.
- Speeding up required videos is prohibited.

12. SANITARY AND HYGIENIC REQUIREMENTS

Master's appearance

- Clean, neat, ironed workwear.
- Hair must be secured and must not interfere with the procedure.
- Jewelry on the hands and wrists should be removed.

Workstation

- The work surface must be clean and disinfected.
- Disposable materials must be used as intended.
- Instruments must undergo the required cleaning, disinfection, and sterilization procedure.

Instruments

- Manicure instruments must be stored in individual sterile packaging after sterilization.
- E-files and interchangeable bits must be processed according to the manufacturer's instructions and applicable sanitary requirements.

Hand hygiene

- The master's and model's hands must be treated with antiseptic before the procedure.
- Disposable gloves are used where required by sanitary standards and the working technique.

Additional requirements

- Materials must be labeled and within their expiration date.
- Food, drinks, and unrelated personal items are not permitted at the workstation.
- The phone must not be used during the procedure.
- Disposable materials must be disposed of in appropriate containers.

13. COMPETITION MODEL REQUIREMENTS

- The participant selects the model independently.
- The same model may be used in different nominations if permitted by the relevant nomination.
- The skin of the hands and nail plates must be clean and free of signs of active inflammation or injury.

- The model must consent to the procedure and to photo/video recording of the competition work.
- Before the procedure, the master must assess the condition of the nail plate and decline the procedure if contraindications are present.

14. NOMINATION — CLASSIC MANICURE

- The work is performed on both hands.
- The nail shape is selected by the participant and must be consistent and symmetrical.
- The cuticle and sidewalls must be processed cleanly and carefully, without cuts or trauma.
- The coating must not flood the skin. The surface must be smooth and even.
- BEFORE photos: both hands, general view; each hand close-up; nails before the procedure.
- AFTER photos: both hands, general view; each hand close-up; nail macro shots; side views for architecture.
- Video: workstation preparation; key stages of the procedure; final presentation, 30 seconds–2 minutes.

15. NOMINATION — GEL POLISH / PERFECT POLISH

- The coating is performed on both hands.
- Color and design are selected by the participant unless a specific task requires a particular color.
- The coating must be even and free of flooding, bubbles, bald spots, or material on the skin.
- The cuticle line must be clean and controlled.
- Material thickness must comply with salon technique and must not overload the nail plate.
- Required photos: materials and tools; BEFORE photos; AFTER photos — general view, both hands, close-ups, and side angles.
- Video: application of the material on selected nails and final presentation.

16. NOMINATION — NAIL EXTENSION

- Modeling is performed on both hands.
- Shape, length, and material are selected by the participant unless otherwise specified.
- Judging criteria include architecture, symmetry, parallel sidewalls, apex, free-edge thickness, cuticle-area cleanliness, and surface quality.
- Cracks, lifting, excessive thickness, sharp hazardous edges, and visibly incorrect architecture are not permitted.
- BEFORE photos: general view of the hands and close-ups of the nails.
- AFTER photos: both hands, each hand, top and side views, close-ups, and free-edge view.
- Video: natural-nail preparation, key modeling stage, architecture control, and final presentation.

17. NOMINATION — PERFECT FRENCH

- French design is performed on both hands.
- The smile line must be clean, symmetrical, and visually consistent across paired nails.
- Judging criteria include symmetry, smile-line depth, line thickness, sidewall parallelism, and overall architecture.
- Photos: both hands, close-ups of each hand, side angles, and macro shots of the smile line.
- Video: demonstration of the key French-building stage and final result.

18. NOMINATION — NAIL ART

- The design is performed on both hands or on the number of nails specified in the task.
- Judging criteria include technique, line cleanliness, composition, color combination, complexity, and compliance with the theme.
- Painting, gradients, stamping, 3D elements, and other techniques are allowed unless prohibited by the specific task.
- Photos must show the overall design and macro details.
- Video: short technique demonstration and final presentation, 30 seconds–2 minutes.

19. NOMINATION — FANTASY NAILS

- The work must have an original fantasy concept and a unified visual identity.
- Decor, 3D elements, unusual shapes, and unconventional color solutions are allowed.

- All elements must be created by the participant unless otherwise permitted by the specific task.
- Judging criteria include theme development, technique, composition, detailing, harmony, and overall impression.
- A final model presentation with accessories and styling is permitted.
- Required: overall-look photos, macro detail photos, and a final presentation video of 10 seconds–2 minutes.

20. AFTER THE RESULTS ANNOUNCEMENT

- Award trophies are sent for production after the results are announced.
- Awards are shipped to participants within 1.5 months from the date of the results announcement.
- Delivery of prizes within the Russian Federation is paid for by the organizer.
- Every participant receives a participant banner and certificate of participation.
- Prize winners receive a diploma and a personalized award trophy.
